

5th edition of the International Geopolitical Competition 2022

GEOGRAPHICAL QUIZ

<http://ptg.edu.pl/olimpiada/>

There is 20 map fragments as a puzzle to resolve for you within a week!

Each puzzle gives 1 point to the general classification when correctly resolved.

There is up to 20 points to gain.

For those who will gain same amount of points, time of reply is taken into account. The faster is the better.

Map fragments are without any names and scale. They can be rotated in any direction and blurred.

Good luck!
